A whole-school transformation process.

LEADER IN ME OVERVIEW

Using Best Practices and Universal Principles

Leader in Me® is a whole-school transformation model and process developed in partnership with educators that empowers students with the leadership and life skills they need to thrive in the 21st century. It is based on principles and practices of personal, interpersonal and organizational effectiveness, and upon the powerful premise that every child possesses unique strengths and has the ability to be a leader.

Leader in Me helps students learn how to become self-reliant, take initiative, plan ahead, set and track goals, do their homework, prioritize their time, manage their emotions, be considerate of others, express their viewpoint persuasively, resolve conflicts, find creative solutions, value differences, and live a balanced life. The process helps students develop the skills and self-confidence they need to lead their lives and succeed in school and beyond.

Leader in Me started with one school in North Carolina and has since grown to thousands of schools in over eighty countries throughout the world.
